DGNB – German Focal Point for BOP

Expert-Committee “Biodiversity”

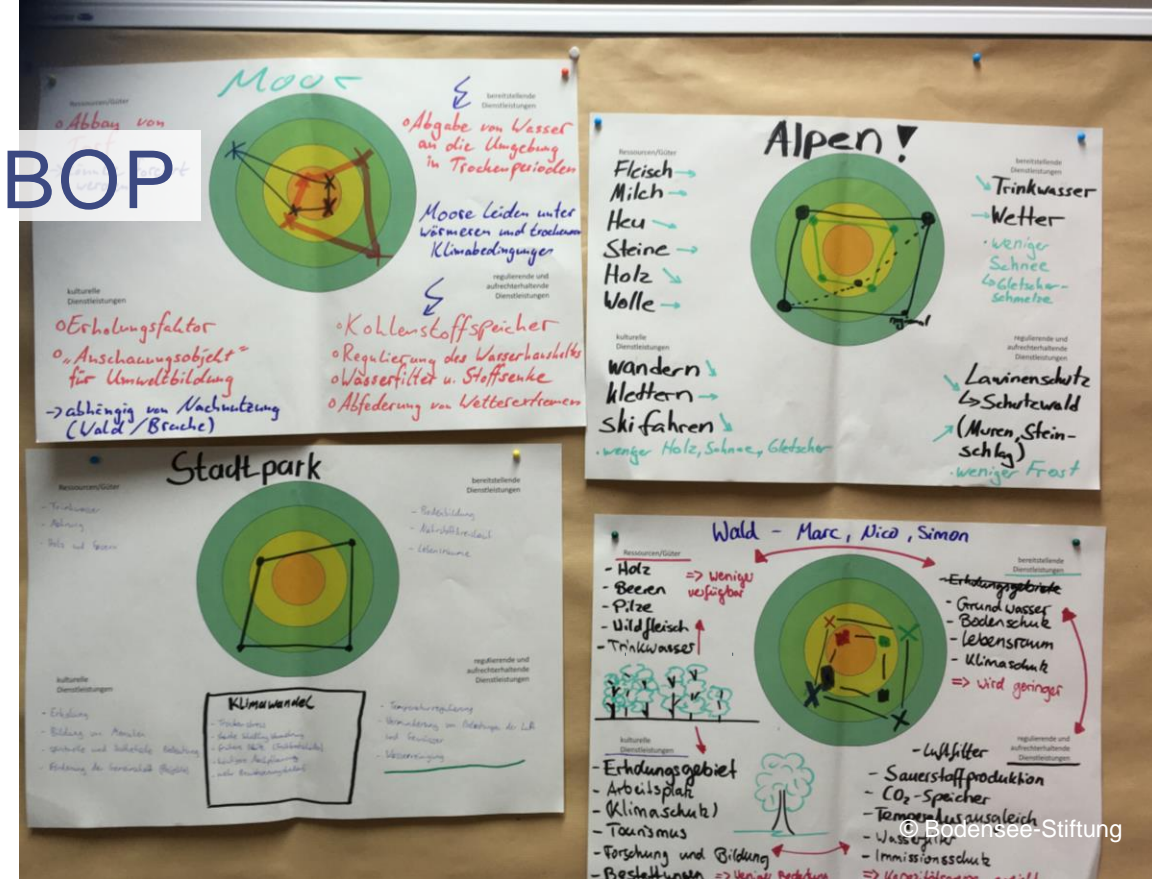

First Task: Promoting & Advancing
the Certification for BOP

- Environmental NGOs
- Ministry of environment and economy
- Science and research
- Practitioners
- Business associations
- Companies with experiences in BOP

DGNB – German Focal Point for BOP

Topics & Tasks

- Still a lot of education & awareness-raising necessary
- Improving market conditions in terms of availability of biodiversity-oriented services and products
- Upscaling BOP

DGNB – German Focal Point for BOP

Mega-Trends offering Chances and Challenges

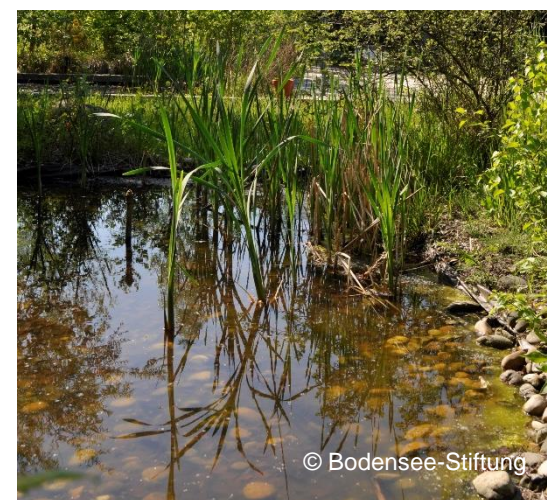

Challenges

Chances

- Dense infrastructures and population are vulnerable to climate change and extreme weather-events
- Unstableness, which plants can deal with the extreme weather conditions

- Biodiversity-oriented design can strengthen the resilience
- Biodiversity will increasingly become a "business-issue" through national and international regulations

**Let`s boost BOP into
the Mainstream and
bring our knowledge
to everybody's hands**

**Thank you for
your attention**
